Testomat.io, Cypress, VS Code, Heroku, PyCharm, RubyMine, Jenkins, BurpSuite, Jmeter, Postman, Kibana, etc.

Experience:

Senior QA engineer at Faster Than Light
Nov 2021 - Dec 2023
- ❏ API testing
- ❏ Web-testing
- ❏ Mobile testing (iOS\Android)
- ❏ Cypress automation
- ❏ Test strategy development
- ❏ Javascript
- ❏ GitHub Actions

Senior QA engineer at Zoolatech
Feb 2020 - Oct 2021
- ❏ API testing
- ❏ Mobile testing (iOS)
- ❏ Ruby\Rails

Senior QA engineer in ORM\Ciklum
May 2019 - Feb 2020
- ❏ Various test-types execution
- ❏ Mobile testing (iOS and Android)
- ❏ API testing

- ❏ FrontEnd Web testing
- ❏ Test documentation creation and maintenance
- ❏ Development and Delivery lifecycle management
- ❏ Performance testing (Jmeter\Blazemeter)

UI testing, Functional testing, Jira, TestRail, Jenkins, Postman, Javascript, WdIO

Senior QA engineer in Keypr\Intelity
January 2014 - December 2018
- ❏ Various test-types execution
- ❏ Mobile testing (iOS and Android)
- ❏ API testing
- ❏ FrontEnd Web testing
- ❏ Test documentation creation and maintenance
- ❏ Development and Delivery lifecycle management
- ❏ Functional map and documentation creation and maintenance
- ❏ Logs analysis, UI testing, Functional testing, Jira, TestRail, Jenkins, Android, iOS, API testing

Automation Engineer/ Software test engineer at Persha Studia (Wargaming)
October 2013 - November 2014
- ❏ Various test-types execution
- ❏ Web Portal automation test creation
- ❏ Scrum process participation
- ❏ Localization testing
    - ❏ Providing full cycle of bug management (analyzing and verifying)

Selenium-based automation framework (Webium), python, Jira, Confluence, TestRail, Teamcity

Software test engineer at Ciklum
April 2011 - October 2012
- ❏ Android apps testing
- ❏ Test Plan creation
- ❏ Test case creation and execution
- ❏ Test Automation using the "Monkey Runner" framework

MonkeyRunner, Jira, Java.

Software test engineer/ Team leader at Quest Software
April 2010 - January 2011
- ❏ Test Plan creation
- ❏ Performing requirement/functional specifications analysis; requirements decomposition
- ❏ Test environment setup
- ❏ Execution tests of various types
- ❏ Interviewing new candidates
- ❏ Junior QA Training Plan creation
- ❏ Mentoring

VMWare ESX, Jira, TestRail, InstallAnywhere, Vizioncore VA, Jmeter

Automation test engineer at GlobalLogic
November 2009 - April 2010
- ❏ Finding and submitting bugs
- ❏ Writing automated test scripts for Selenium Remote Control using Ruby with Cucumber extension
- ❏ Participate in planning iterations structure
- ❏ Make estimations for testing/test writing works
- ❏ New build deployment
- ❏ Web Application testing

Selenium Remote Control, Selenium IDE, Ruby, Cucumber, Jira, Bamboo, TeamCity,

PostgreSQL Software Test Engineer, Performance test engineer at GlobalLogic

April 2008 - May 2009
- ❏ Product functional map creation
- ❏ Performance test development and result analysis
- ❏ Direct customer communication
- ❏ Summary reporting

Jmeter, Jira, Java

Software Quality Engineer at GlobalLogic
April 2006 - April 2008
- ❏ Performing requirement/functional specifications analysis; requirements decomposition
- ❏ Performance test development
- ❏ Developing and executing test cases
- ❏ Executing tests of various types; full-scale functional tests ❏
Providing full cycle of bug management (analyzing and verifying) ❏
Regression testing: retesting closed defects, affected functionality

LoadRunner, Bugzilla, Jira, Oracle SQL, .NET, Java, MS SQL 2008, VBS, OS X, FreeBSD
